CAPTURING LEADS MADE SIMPLE

Emperia is a mobile application that allows you to capture, qualify, save and download your leads, streamlining your lead capture process to generate high quality leads. Simply scan, edit and manage business contacts - online, offline and all in one app.

BENEFITS AT A GLANCE

Simple & Light: Emperia is a lightweight app that doesn't drain your smart device.

Multiple Users: Request as many logins as necessary - or share the same one.

Rate Your Lead: Add extra information to each lead after scanning.

Works Offline: No connectivity? All scans are saved on your device to be synced later.

Export Anytime: Download your leads at your convenience - during or after the show.

GETTING STARTED

Where do I get the app?
Download the app from the App Store or Google Play.
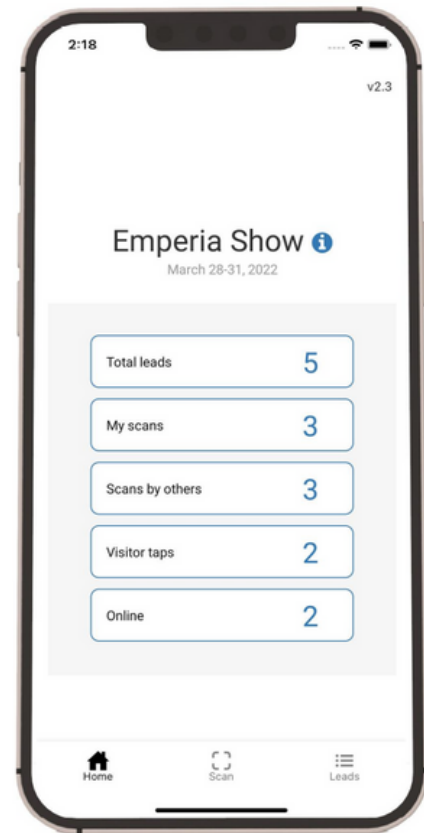

Where is my log in?
The primary admin for your business can log into the Exhibitor Hub and get the access credentials through the Emperia tile. You will also receive an email with these details 1 week out from the event.

When can I access the app?
You can log in to the app 1 week out from the event, once you have received an email with your access code.

How do I retrieve the leads?
Leads will be available for download at any time from the Emperia Tile in the Exhibitor Hub. A link to the leads report is also provided in your welcome email. You will automatically be logged out of the Emperia app 20 days after the show ends.
